HOME ISN'T A PLACE...IT'S A FEELING

Our projects may win awards, but our people win over the trust and gratitude of the clients we serve. At Renovations Group, our experienced, award-winning design team takes the time to clearly understand the specific needs and intended use of your space, perfecting projects of all sizes, both large and small...and that makes all the difference.

YOUR HOME FOR HOME RENOVATIONS

Remodeling can mean a lot of things to a lot of different people. At Renovations Group, we have redesigned mudrooms and we have overhauled entire homes. But no matter the project, large or small, we understand one thing – a vision must pair with execution. Starting strong in the design process, planning for the complex construction needs of remodeling, and employing a team of talented contractors and designers, our design/build team will keep you involved and informed throughout each step of the process.

OWNER-ASSISTED REMODELING

For the homeowner who enjoys a hands-on experience, owner-assisted remodeling offers our clients a unique opportunity to complete parts of the remodeling project themselves.

Together, we'll determine the labor or products you can provide, and we'll handle the rest.

You'll experience the personal satisfaction of participation and accomplishment while realizing true cost savings.

LOWER LEVEL PROJECTS

FREQUENTLY ASKED QUESTIONS

WE WANT TO REMODEL, BUT WHERE DO WE START?

Whether you have a detailed plan or just a dream of a better space, the first step is giving us a call. We'll uncover your needs and then create a plan to guide you through our process, so every step, decision, and communication is clear and enjoyable.

HOW LONG WILL MY PROJECT TAKE TO COMPLETE?

The length of your remodeling project is largely determined by its size and complexity. Our experienced team provides exceptional project management services by forming a comprehensive plan and timeline, allowing us to complete your project on time and within budget.

HOW MUCH DOES REMODELING COST?

Every project is unique, so associated costs will also be unique. We'll be sure to complete your project within the budget you set, whether that means you decide to tackle some of the project on your own, or we handle it all. There are endless options and we're excited to build the dreams you have for your home!

IS THERE A WAY TO SEE PRODUCTS IN PERSON?

Yes! Our showroom in Hartland allows you to experience all the possibilities of your next project. We also encourage you to tour an Espire or NuPath model home - the perfect way to inspire your remodeling project or perfect your lower level design.
